

REMARKS

Applicants believe that the amendment of the abstract, specification, deletion of claims 28 and 29 and the amendment of claims 20, 21, 22, 23 and 27 overcome all rejections present in the Office Action dated September 14, 1998 for the above-referenced application. Applicants request that the rejection of the remaining claims be reconsidered and the claims as amended allowed.

The deletion of claims 28 and 29 is not an admission that these claims are unpatentable. They have been deleted for the sole purpose of expediting prosecution of the case. Applicants reserve the right to file a continuing application including these claims.

If anything has been overlooked, the Examiner is requested to call the attorney of record to resolve any inadvertently overlooked issues.
